

Bobbitt Design Build
600 Germantown Rd.
Raleigh N.C. 27607
Attn: Mr. Steven Peedin

Dear, Steven

I can't say enough about how pleased we are with our new building at 4224 Beryl Road. Many of your customers may commend Bobbitt Design Build for your extreme attention to details, or the quick turn around time from start to completion; however I would like to commend you on something different.

What impressed me most was your "Service Approach" to the whole Design Build process. Bobbitt Design Build has a special way of bringing the customer into the design build process that focuses solely on the customer's needs, wants, dreams and budget.

Purchasing a building like this is not something we do all the time. Along with a decision to move forward comes a fear of the unknown. Bobbitt Design Build walked us through every phase of the project, clearly communicating along the way, involving us in the making of our new building.

Once again thank you for a job done well and on budget.

Sincerely,
