

Mr. Don Comer
Bobbitt Design Build
600 Germantown Road
Raleigh, NC 27607

Dear Mr. Comer,

I would like to take this opportunity to thank all the folks at Bobbitt for providing me with a facility that both my staff and patients truly enjoy.

After spending years looking for the ideal location to move my practice, I was told by one prominent national Dental architect that my space needs could not fit on this lot. But the team at Bobbitt Design Build was able to build an attractive building that more than met all of my square footage requirements. Ample parking that didn't govern the lot, attractive landscaping to blend with the residential surroundings and the facility itself has provided me with a state of the art practice for my patients. With the help of Millenium Architecture and Bobbitt's capable construction abilities, the interior patient flow and ergonomics make our work more efficient and enjoyable, resulting in a growing practice and an increase in staff retention.

Because of the team I chose for this project, Glenwood Village Dentistry was a recipient of a Sir Walter Raleigh award for community appearance. It could not have happened without the professionalism and expertise of the entire Bobbitt Design team. Everyone working with me through each step and process kept me fully informed and up to date on progress. The superintendent worked hard to make sure my vendors could move equipment in quickly. The project was finished on time, to the day, and on budget, to the dollar. Truly amazing!

I would be more than happy to refer Bobbitt to anyone looking for a professional, dedicated contractor for their design-build needs.

Sincerely,

A handwritten signature in black ink that reads "Brian J. Kelleher D.D.S." The signature is written in a cursive, flowing style.
